Evacuation Procedure

When the siren is heard (repeated rising pitch) follow your teacher's direction. It is expected that you will leave everything and exit the building in a quiet and orderly manner.

The teacher will be the last to leave and will ensure that the door to their classroom will be shut but not locked and the bin placed outside the door.

You will line up in Home Room groups on Field One assisted by Student Leaders and your Homeroom teacher. This is the Designated Evacuation Area.

Teachers will make sure all students are accounted for by marking the roll. If any students are missing, the Deputy or Principal will be contacted immediately.

Lock Down Procedure

When the siren is heard (repeated beep) follow your teacher's direction to remain in the classroom, in a position so as not to be seen by someone looking in.

Students are not to access any computer, personal devices or phones during a lock down.

Students are to remain quiet and follow all teacher directions until the all clear is given (airport 4 - chimes).

Students are not able to leave the classroom for any reason, including to use the bathroom.
