

Note: firstly, that these are two different areas. Physical Education is a graded subject for students in Years Eight to Ten, and Years Eleven and Twelve for those students who choose to continue studying PE as part of their SACE subjects. Sport is a recreational time where students participate in a variety of sporting activities.

Physical Education (PE)

As this is a graded subject, you are expected to come in your correct PE uniform and participate in every class. If you do not have your correct PE uniform, you need to bring some other appropriate sporting wear (as close to uniform as possible) so that you can still participate. You must also bring a note explaining the reason.

Students may change into Physical Education uniform only after the bell for class has gone at the start of the school day, as preparation for Physical Education. After such activities, students must change back into full College Dress uniform. Where Physical Education uniform is worn it must be worn correctly.

If you are not able to participate for an extended period, you need to bring a doctor's certificate to explain the problem. This will be taken into consideration when your grade is being determined. Your teacher will give you more details of what is required of you in class.

Sport

You are expected to wear correct uniform at all times for Sport, this includes wearing the College uniform hat. Guidelines for behaviour at Sport:

- Arrive at your Sport on time, in correct uniform.
- Co-operate and show respect to others at your Sport - teachers, umpires, and other participants.
- Be positive and helpful towards others.
- Make an effort to know the rules of the game you are playing.

Breaches of the above expectations of normal College codes of behaviour during Sport may result in removal from the game or your Sport group, and any other appropriate action being taken.
